

UTKARSH JHA

Full Stack Developer

✉ utkarshjha832@gmail.com ☎ +91 9569080353 📍 Kanpur, India   

SUMMARY

Full-Stack Developer skilled in the MERN stack (MongoDB, Express.js, React.js, Node.js) with Firebase experience, built across three internships and several independent projects. Currently maintain the live official website for my college, handling real design fixes and bug fixes for actual students and faculty. Built and maintain a resume builder web app adopted by more than 50% of my MCA class.

TECHNICAL SKILLS

JavaScript (ES6+) • Python • React • Tailwind • Node.js • REST APIs • MongoDB • SQL • Firebase

EXPERIENCE

Web Developer (Volunteer), Dr. Virendra Swarup Institute of Computer Studies

Mar 2026 – Present

- Maintain and improve the college's live website, handling design updates, bug and built the navigation/results/event-gallery/notice-board section
- Redesigned the admissions page, reducing reported layout issues on mobile
- Fixed 16 reported bugs across the site over 3 months

Full Stack Developer, Infotact

Sep 2025 – Dec 2025

- Led a 3-member team to design and build HealthSync, a health & body-mass assessment app that lets users evaluate their BMI and generates a personalized diet plan based on their specific health goals.
- Owned the frontend architecture while coordinating backend integration with two teammates
- Tech Stack: React (Vite), Tailwind CSS, Node.js, Express.js, MongoDB (Mongoose), JWT, bcrypt.js, Axios

Web Developer Intern, Ezaybytes

Jun 2025 – Jul 2026

- Built "Eventora," an event scheduling application using React.js and Firebase for real-time data handling.
- Users actually do: create events, RSVP, get reminders

PROJECTS

Draftly — Resume Builder Web App

Developed a Resume Builder supporting 5 ATS-friendly templates, PDF export, live preview, and dynamic customization. Adopted by 50%+ of my MCA classmates to build their own resumes.

 Code  Live Demo

DocTime – Doctor Appointment Platform

Developed a MERN-based doctor appointment platform with role-based dashboards for Patients, Doctors, and Admin, featuring secure JWT authentication and appointment scheduling. Integrated an online payment gateway, Cloudinary image uploads, and responsive React interfaces to deliver a seamless healthcare booking experience.

 Code  Live Demo

Dragon Ball Inspired Personal Portfolio

Built a fully responsive personal portfolio inspired by the Dragon Ball universe to showcase projects, skills, certifications, and experience. Focus on modern UI/UX, smooth animations, and responsive design.
